Christmas Handicap Race - D. J. Cameron Memorial Shield

The D.J. Cameron Memorial Shield is awarded annually to the winner of the Club Christmas Handicap Race. The race is traditionally held over a 5k route consisting of two laps of a course which starts adjacent to club HQ at Glasgow Club John Paul. From Acre Road to Maryhill Road, harriers then turn into Caldercuilt Road and back towards HQ to then start their second lap.

Harriers' handicaps are calculated on their 5k performances throughout the preceding year, with runners starting at delayed intervals such that (in theory) everyone arrives on the home straight together.

There is also a handicap race for the junior section.

We're still researching the origins of the shield and D. J. Cameron in particular and would welcome any supporting information.
